Please note: The wording of this notice is required by Oregon Ballot Measure 56, an initiative adopted by the voters of Oregon in 1998. The measure requires the same general wording in all notices even though it may not describe the likely effects from a change in land-use laws. The Measure also requires the notice state that the City has determined that proposed land use changes “may change the value of your property”. However, the City does not know how the amendments might affect the value of your property, if at all.
